New Reader Board & Football Scoreboard

From Toney Ryno

BIG news in Mitchell uptown and downtown! The Mitchell Booster Club recently had the privilege of installing a new reader board downtown and a new football field scoreboard thanks to a few incredibly generous donors.

Jim and Betty Woodward of Mitchell offered to give a large chunk towards the new reader board which plays videos with the latest community events, time, weather, and more seen downtown daily!

The Hamel Family of the Six Shooter Ranch also gave towards the reader board as well as donating for a whole new football scoreboard. On top of this donation, the Hamel Family Foundation also gave thousands of dollars towards Booster Club college scholarships as well this year.

In 2012, the original football scoreboard was donated by Ron & Loretta Quant in memory of the Quant & McCarty families but has recently experienced several issues and was in need of replacement. The new reader board can be changed online, making it much more functional than the old system of changing letters by hand. The Mitchell community couldn't be more fortunate to have such altruistic folks here always reaching out to us with a helping hand!
